## Frequently asked questions

### How do I file an accident claim?

If you have an accident after the effective date of coverage, you can file a claim with us by downloading forms from our website. We'll ask that you and your doctor provide information about the accident and the treatment provided.

### What happens once my claim is approved?

The benefit amount you receive will depend on your injury and/or the treatment provided. Remember, benefits are payable only once for each covered accident, unless noted otherwise in the benefit schedule.

### Is there a time period that I need to follow?

Injuries and other related benefits due to a covered accident must be diagnosed or treated within a defined period of time from the date of your accident. This could be as few as three days for certain benefits. Please refer to your Certificate for details.

### Can I take my insurance with me if I leave my employer?

Depending upon state variations and your employer's plan, you may have an option to continue group coverage when your employment terminates. Your employer can advise you about your options.

### Is my benefit taxable?

If you or your employer pay for all or part of the cost of coverage on a pre-tax basis, some or all of your benefit amount will be tax reported on a Form 1099 as taxable income. Please reach out to a tax advisor or your employer if you have any questions.

Accident insurance is a limited benefit policy. The Certificate has exclusions that may affect any benefits payable. Benefits payable are subject to all terms and conditions of your Certificate.
